www.cysgod-y-coed.co.uk

Directions to Cysgod y Coed: Travel along the A494 from the direction of Corwen. Llanfor is situated just one mile out of the town of Bala. Turn right into the Village of Llanfor. Follow the road for 100 yards around past the Church on your right. Cysgod y Coed is the stone-built house on your left hand side and Cysgod Bach next door using our main entrance directly next to the road - do not go down the longer drive.

What 3 Words: veal.leaky.shirt

Mick and Mel give you a big Croeso/
Welcome to Cysgod Bach. Our aim is for you
to have a wonderful holiday here in Wales.
We are sorry we are not able to greet you in
person at the moment due to Covid-19.

We have a wealth of knowledge about the
area which we are keen to share should our
guests wish to ask us. We are also aware
that some people enjoy their privacy and so
just ring if you need us!

We hope for happy guests who will want to
come and visit again. Always book direct
next time for the best deal.

COVID-19 GUIDANCE

Thank you for choosing to stay at Cysgod y Coed Self Catering. This information is intended to help make your stay as safe as possible and minimise any risk of exposure to and transmission of **Covid-19**

BEFORE YOUR ARRIVAL

- Before your holiday with us please make sure you have completed our online registration document including the Covid-19 Declaration. This is a requirement. This will be sent to your phone/email just prior to your holiday.
- Invoices are to be paid remotely.
- No cash is accepted.
- The premises will be deep cleaned before your arrival using the XtraProtect solution together with a Pro Fogging Machine. This will include cleaning and sanitising of high contact areas.
- Fogging is a fast, efficient way of sanitising an open space. Generating extremely small droplets, fogging enables XtraProtect to settle on all hard to reach hotspots where regular cleaning can miss.
- The extremely small mist droplets land on all surfaces, enveloping the membrane of the virus, which exposes the nucleocapsid and ultimately kills its ability to infect subsequent cells. This sanitiser kills and protects against 99.99% of bacteria and enveloped viruses. UK Lab proven to kill Covid-19, MRSA, E-Coli and Norovirus.

To show consideration to our local community we would be grateful if you could respect social distancing in all contacts outside of the property. Local relationships are important to us all and some are understandably apprehensive about the potential impacts of returning visitors; they will need reassurance demonstrated by your thoughtfulness. Thank you.

You could consider bringing your first-night essential shopping and then making a local order to be delivered to your doorstep for the next day.

- T. J Roberts & Son - Butchers, dairy, veg etc., 01678 520471 <http://www.welshqualitymeat.co.uk/>
- Bala Butchers - Fish and Meat - 01678 520422 <http://www.balabutchers.co.uk/>
- Stori Beer & Wine - Welsh Produce - 01678 520501 <http://www.storibeers.wales/>
- Aran Ice Cream - Made in Bala - 07787425967

Please do not arrive before 4 pm. I will send an e-mail before your arrival to check your arrival time and let you know how to gain access to the property. This will be using the key safe. - The Code is 9999.

If you are showing any signs or symptoms of Covid-19 please do not travel. Just let us know.

DURING YOUR STAY

If you experience any symptoms of Covid-19 please inform us immediately on 07896634483 or 01678 520036 and then return home to self-isolate according to current government guidance. Seek medical help if you have acute symptoms. If you are unwell and cannot return home, you will be expected to pay all costs to your accommodation provider. See the pdf on Covid-19 guidance below.

There is handwash at each sink. Please bring your own sanitiser too.

Please maintain social distancing whilst you are staying with us.

BEFORE DEPARTURE, PLEASE.....

- Open all the windows
- **Let us know if anyone was symptomatic of Covid19 during your stay.**
- Remove bedding, towels and tea towels and place them in the marked bags provided so we don't have to handle them. Thank you.
- Put general rubbish in the green bins and recycling in the marked boxes just beyond our back door - Cysgod y Coed.
- Lock the door and put the key back into the key safe.

Departure is by 10 am and it's very important that you leave on time to give us enough time to prepare the cottage for the next guests and to leave a sufficient gap between stays.

What you need to do if you fall ill with COVID-19 symptoms whilst visiting

If you develop COVID-19 symptoms during your visit, do not ignore or try to hide your symptoms. It is important you act quickly to help yourself and protect those around you. It is your responsibility to stay safe and keep others safe.

COVID-19 symptoms are:

- A new, continuous cough
- High temperature
- A loss or change to your sense of smell or taste

If you feel unwell and experience any COVID-19 symptoms you must:

- Stay indoors and self-isolate
- Arrange a test using your holiday address

Do not ignore your symptoms: self-isolating and getting tested quickly is the best way that you can stay safe and protect others.

You **MUST** notify your accommodation provider.

If you need medical advice while you wait for your test results please contact your regular (home) GP or call 111.

If you are staying or travelling with others, they must also self-isolate and take appropriate action based on your test result.

How do I book a test?

- Online: <https://111.wales.nhs.uk/>
- Call: 119

Please use the address of your holiday destination:

**Cysgod y Coed
Llanfor
Bala
Gwynedd
LL23 7DU**

Test results are issued by text or email so you do not need to wait for your results if you are due to return home before your result may arrive. You must return home the most direct way and do not use public transport.

What should I do if my test is positive?

If you feel well enough to travel and do not need to use public transport, you should return home as quickly and directly as you can

If you feel so unwell that you cannot travel or cannot avoid public transport, you should continue to isolate and call 111 for further advice

It is important that you do not use public transport. You must also tell your accommodation provider that you have tested positive.

If you are unwell and cannot return home, you will be expected to pay all costs to your accommodation provider.

My test was negative, can I stay?

Stay and enjoy your visit as planned but if you need medical assistance please call your own regular GP or 111.

Who to contact if you're unwell?

- If you are ill and need medical advice, call 111 or your own GP
- In the event of a medical emergency, call 999

Produced in partnership with the COVID-19 Health Protection Boards of Devon & Torbay, Cornwall & Isles of Scilly, Dorset, Somerset and Plymouth

THINGS TO DO WHILST STAYING AT CYSGOD BACH

We are surrounded by footpaths with a variety of walks ranging from strenuous to short and scenic. There are fabulous walks around Llyn Tegid (Bala Lake) and the views are spectacular. For something more strenuous what about the Three Peaks circuit – Arenig Fawr, Moel Llyfnant and Arenig Fach or the twin peaks of the Arans? When walking around Bala and Penllyn you can get away from it all. You may not see anyone for hours and there are many places without clear mobile-phone signals (you may be glad to hear) but remember to let someone know where you are going and when you expect to return. See www.GoBala.org for trails or all kinds.

We are just up the road from the [National White Water](#) Centre the largest and most well-respected whitewater rafting organisation in the UK. The Tryweryn is a dam released river so water is often flowing when other British rivers are dry and you can ride the rapids at this unique year round whitewater venue. Llyn Tegid is great for [watersports](#) and boats can be launched and hired on the foreshore. Have you heard of [Coed y Brenin](#) the premier location for mountain biking? That too is just half an hour away. Then there is [Get Wet](#),

high ropes, paintball and outdoor adventure. Maybe an adrenaline-fuelled day-out Go Karting? Or What about 'Bounce Below' or 'Zip World'!

If you're feeling in need of a rest we have more leisurely activities locally too. The fishing in the area is first class and Llyn Tegid (Bala Lake) is just a mile away. It's full of fish – 14 different species including the Gwyniad found only in Llyn Tegid! Many fish are caught here in the lake or on the Dee including perch, roach, pike, brown trout, salmon, grayling and eels. Perhaps you could have a round of golf nearly 1000 feet above sea level.

Visit the market town of Bala where you can learn about the local history and have a bite to eat. Follow one of the local trails see GoBala.org or take a trip on our Bala Lake Railway one of the Great Little Trains of Wales. Go to 'Serenity Spa' perhaps for a chill. Have a meal in town or even sample some chocolates made in Bala! In fact maybe you'll need to stay a few days!

For more information about things to do in the area go to www.VisitBala.org

- ga i dalu, os gwelwch yn dda? (gah ee dah-li oss goo-ell-ock uh-n tha - may I pay, please?
- Os gwelwch yn dda - Please
- Faint ydi o? - How much is it?
- Diolch - Thank you
- Diolch yn fawr (Pronounced: Dee-olck uh-n yah-oor) – Thank you very much.

DOORSTEP WALK

OUR ECO POLICY

STEPS TAKEN TO REDUCE OUR IMPACT ARE

- We have insulated our properties to a very high standard and each heater is thermostatically controlled
- We have replaced all our standard light bulbs with low energy bulbs (sorry, they take a few seconds to 'warm up' and reach maximum efficiency!)
- We provide bins for compostable waste
- Our local authority has introduced waste recycling for paper, cardboard, plastic and glass, metal. We ask for your help in sorting waste into the required categories please.
- We support local suppliers (farmers, local shops, tradesmen etc)
- We buy products for the premises with minimum packaging, whenever these are of sufficiently high quality
- We use toilet rolls made from recycled paper
- We use eco friendly cloths and cleaning products
- We use eco friendly cleaning products.

HOW CAN YOU HELP?

- Please use our recycling bins and take a little extra time to sort your refuse into the appropriate categories
- Please don't leave heating turned on full and windows/doors wide open!!
- Please turn off lights & electrical appliances when not required
- Please try to support local businesses while you are here by buying local products & gifts. We especially recommend our local butchers, Stori and Aran Ice Cream which are within walking distance
- We do have public transport here. See <https://www.traveline.cymru/>
- You can hire bike at Roberts Cycles on the High Street or at the Cafe at the Leisure Centre

TEISEN GRI/WELSH CAKES

CYSGOD Y GOED

240g blawd plaen
90g menyyn
60g siwgwr
1 ŵy
60g cwrants
1/2 llwy de beicarbonad o soda
pinsiad o halen
2 llwy fwrdd o lefrith

Hidlwch y blawd, beicarboand o soda a'r halen i fowlen. Torrwch y menyyn yn ddarnau cyn ei rwbio i fewn i'r gymysgfa blawd nes fod y cymysgfa yn debyg i friwision. Ychwanegwch y cwrants, y siwgar ac yna yr ŵy a churwch i fewn cyn ychwanegu digon o lefrith i wneud toes meddal. Trowch y does ar wyneb wedi ei flawdio a rholiwch allan nes tua 1.5cm o drwch. Torrwch gylchoedd tua 7cm o ddiamedr allan gyda torrwr pasteï. Ffriwch y teisennau ar radell wedi ei iro am tua 6 munud yr ochor neu nes eu bod wedi brownio yn dda ac wedi coginio drywodd. Gweinwch yn gynnes gyda menyyn a jam.

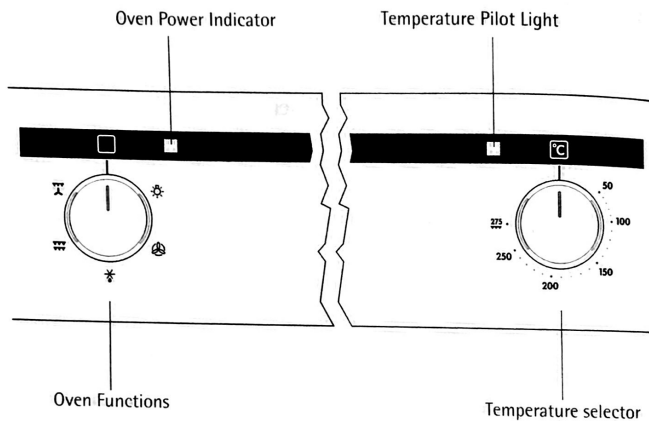

240g plain flour
90g butter
60g caster sugar
1 egg
1/2 tsp bicarbonate of soda
pinch of salt
2 tbsp milk

Sift the flour, bicarbonate of soda and salt into a bowl. Cube the butter then add to the flour mix and rub in with your fingertips until the mixture resembles fine breadcrumbs. Add the sugar, currants and egg and beat in until thoroughly blended then add just enough milk so that you form a soft dough. Turn the dough onto a lightly-floured surface and roll out until about 1.5cm thick. Cut out circles about 7cm in diameter with a pastry cutter or glass. Fry the resultant cakes on a greased griddle/frying pan for about 6 minutes per side, or until nicely browned and cooked through. Serve warm with butter and jam

OPERATION OF EQUIPMENT

Operating the Oven

Switching the Oven On and Off

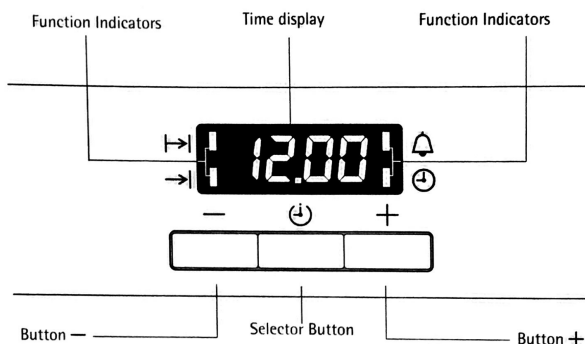

1. Turn the oven functions control knob to the desired function.
2. Turn the temperature control knob to the desired temperature.
The power indicator is lit while the oven is on.
The temperature power indicator is lit while the oven is heating up.
3. To turn the oven off, turn the oven functions and temperature control knob back to the Off position.

Cooling fan

The fan switches on automatically in order to keep the appliance's surfaces cool. When the oven is switched off, the fan continues to run to cool the appliance down, then switches itself off automatically.

Clock Functions

Countdown

To set a countdown. A signal sounds after the time has elapsed.
This function does not affect the operation of the oven.

Cook time

To set how long the oven is to be in use.

End time

To set when the oven is to switch off again.

Time

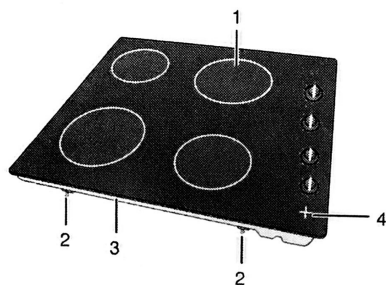

To set, change or check the time
(See also section "Before Using for the First Time").

Oven Functions

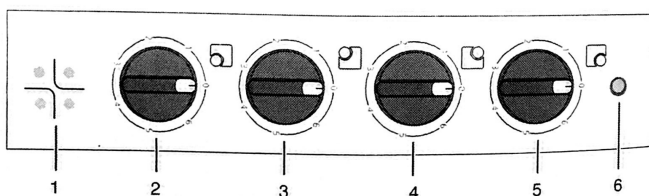

The oven has the following functions:

	Oven function	Use	Heating element/ fan
	Oven Light	With this function you can light up the oven interior, e.g. for cleaning.	---
	Ventitherm® Fan Operated Cooking	For baking on up to three oven shelves at the same time. Set the oven temperatures 20-40 °C lower than when using Conventional.	Ring element, fan
	Fan Controlled Defrosting	For defrosting e. g. gateaux and flans, butter, bread, fruit or other frozen foods .	Fan
	Full Width Dual Grill	For grilling flat food items in large quantities and for toasting .	Grill, top heat
	Rotitherm Roasting	For roasting larger joints of meat or poultry on one oven shelf. The function is also suitable for browning and gratinbaking .	Grill, top heat, fan

HOB

|---|--|---|---|
| 1 | Hob hot indicator light | 4 | Single-circuit cooking plate Rear left |
| 2 | Single-circuit cooking plate Front right | 5 | Single-circuit cooking plate Rear right |
| 3 | Single-circuit cooking plate Front left | 6 | Warning lamp |

WATER HEATER

Turn the boost to 60 after your shower to ensure plenty of hot water

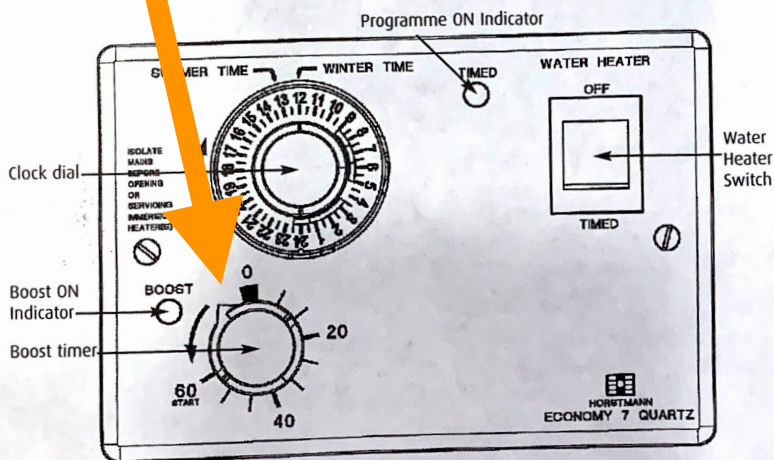

ECONOMY 7 QUARTZ
USER INSTRUCTIONS

HORSTMANN

The Horstmann Economy 7 Quartz is an Electro-mechanical water heating control, which can be set to take advantage of cheap night-rate electricity, so that there is a tank of hot water available for the morning.

FRONT VIEW OF ECONOMY 7 QUARTZ

THE CLOCK

The 24 Hour dial rotates once each day. It should be set so that the time line is against the 'WINTER TIME' line in Winter or the 'SUMMER TIME' line during British Summer Time.

Adjust the clock by turning the dial clockwise.

A battery reserve will keep the clock running even if the mains supply is interrupted for up to 6 days.

WATER HEATER SWITCH

In the **WATER HEATER OFF** position the heaters remain OFF but the clock will run and the stand-by battery will remain charged.

In the **TIMED** position the over-night immersion heater will be switched ON and OFF at the pre-set times.

BOOST TIMER

When extra Hot water is required during the day the Boost Timer can be used. Where two immersion elements are fitted in the tank the Boost Timer switches on the upper heater only.

Turn the knob anti-clockwise to the 'START' position to operate the Boost Timer. The Boost period can be limited by turning the knob anti-clockwise to one of the intermediate positions if less than the maximum Boost period is required.

The immersion heater will be switched OFF after the selected period, or when the temperature of the water reaches the thermostat setting.

If required, further Boost periods can be selected. The electricity used will be at the appropriate day tariff rate.

NEON INDICATORS

The **TIMED** neon will illuminate when the immersion heater is activated

The **BOOST** neon will illuminate when the Boost timer is in use.

OFF-PEAK HEATING PERIOD

Your Installer would have already set the Off-Peak heating time to suit local switching times as supplied by your Regional Electricity Company.

WALL HEATERS

ADAX DT S5.1 thermostat user manual

EN

2018-04-13 art.no.: 62235

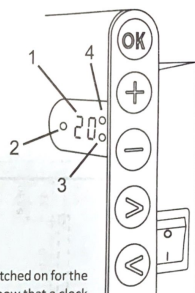

GENERAL OVERVIEW OF THE THERMOSTAT DISPLAY

LIGHT INDICATORS:

1. Display showing temperature and control parameters.
2. The red light is on when the heater is operating.
3. Green light showing a reduced temperature. It is on when the heater is operating in accordance with the chosen program, maintaining the reduced temperature. (See Additional functions).
4. Green light indicator showing the "comfort" temperature. It is on when the heater is operating in accordance with the chosen program, maintaining the "comfort" temperature. (See Additional functions).

FUNCTIONS OF THE BUTTONS:

- + – Increases temperature, time or other parameter.
- – Decreases temperature, time or other parameter.
- < – Selection button meaning "less".
- > – Selection button meaning "more".
- OK – Confirmation of selection.

HOW TO OPERATE

The appliance is switched on or off by pressing the button ① on the right side of the heater. When the heater is switched on for the first time, it begins operating at the default "comfort" temperature of 22°C; meanwhile, the blinking screen will show that a clock time has not yet been set (See Setting menu). The heater will maintain the temperature displayed on the screen if the user does not select the desired program from the Program menu. You can create your own weekly heating program (P1) or you can use the existing standard programs "Office" (P2) or "Home" (P3). The weekly programs determine when it will maintain the comfort temperature (22°C) and when it will maintain the reduced temperature, which saves energy (17°C).

SETTING MENU

By pressing and holding the OK button for 3 seconds, the selection menu can be turned on or off. Use the < > buttons to scroll through the list and use the OK button to select the necessary setting or confirm your selection:

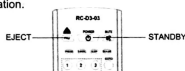

Options	Description of function
td	Setting the time of the heater
	Set the day of the week by pressing + < : 1 – Monday; 2 – Tuesday, etc., and save by pressing OK. Set the hour: 0-23 and save by pressing OK. Set the minutes: 0-59 and save by pressing OK. You will not be able to adjust other settings until you set the time and day of the week.
Pr	Adjustment of weekly heating program
	P1 will notify you that you are going to adjust the user program. Confirm this by pressing OK. Select which day(s) you are going to adjust by using the < > buttons: 7d – 7 days, 5d – 5 business days, 2d – weekend, d1 – Monday, d2 – Tuesday, d3 – Wednesday, d4 – Thursday, d5 – Friday, d6 – Saturday, d7 – Sunday, and confirm your selection by pressing OK. Use the < > and OK buttons to change the hours from 00 to 23 and select the desired temperature for every hour: < a decreased temperature (green light above < is on), + a "comfort" temperature (green light above > is on). After pressing OK, you will return to the selection list of the desired day for further programming or quit the setting menu by pressing OK for 3 seconds. If you wish to initiate a weekly program, see chapter "Program menu". The last value used on the screen will be attributed to the "comfort" temperature before the start of the programming.
Co	Adjustment of "comfort" temperature
	Select the desired comfort temperature by pressing + and -. By pressing OK, you will enter the setting menu.
rd	Setting a lower temperature
	Select the desired "reduced" temperature by pressing + and -. By pressing OK, you will enter the setting menu.
OP	Function detecting an open window
	Select "On" or "Off" by pressing + or -. This function is turned off by default. The function of an open window detects if a window is open (i.e., it detects a rapid change in temperature in a short period of time). After the heater detects an open window, the heating is automatically turned off and changed to anti-freezing mode by maintaining a temperature of 7°C and "AF" is displayed. After the window is closed, i.e., when the temperature in the area increases, the heater automatically turns the previous program on or maintains a permanent constant temperature.
C	Calibration of the temperature
	The ambient temperature is displayed on the screen. If it does not correspond to the thermometer readings, then it may be calibrated. For example, the heater shows that the ambient temperature is 20°C; meanwhile, the other thermometer shows that it is 22°C. Then you can calibrate it and set the temperature which you have measured using the other thermometer.
AS	Adaptive start
	Turn on ("On") or off ("Off") the adaptive start by using the + and - buttons. This function reaches the temperature set by the user at a specific time. For example, if you want the temperature at 9 o'clock to be 22°C, the heater will determine when it has to start heating so that it reaches 22°C at the desired time.
rE	Reset the heater to factory default settings
	Press OK and after the screen turns off, press and hold OK again until you see "00" on the screen after every shown segment.

PLAYBACK

1. Power on and switch signal source to DVD mode and the unit begins to work.
2. Place the disc (with label side facing user) to the door and the unit will draw in the disc automatically.

- The unit begins to read disc information.

3. Press [PLAY] button to begin playing disc.

- When the unit is playing a disc, press [▶] button the first time and the unit enters pause state, while press [▶] button again and the unit resumes playback.

4. Press [STOP] button to stop playing.

- When the unit is playing a disc, press [■] button the first time and the unit enters pre-stop state, while press [■] button again and the unit enters stop state.
- At the pre-stop state, if you press [▶] button, the unit will continue to play from the stopped point.
- At the stop state, if you press [▶] button, the unit will play from the beginning point of the disc.
- Press [■] button when playing MPEG4 discs and the unit enters stop state directly.

5. Press [▲] button to take out disc.

6. When finishing playing, switch signal source to other working state and press [⏻] button to make the unit enter standby state. Please pull out the power plug from power socket when not using the unit for a long time.

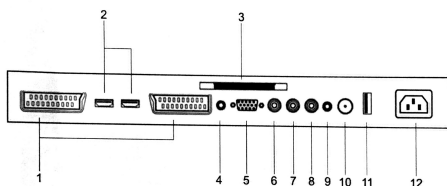

- [▲] button is effective only when selecting DVD signal source. In other signal source, such as TV, AV, etc, this button is invalid.

VOLUME CONTROL

1.4 Remote Control

Note: The remote control of the product is subject to change without notice.

- 1. SOURCE**
Controls the output of TV SCART.
- 2. TV/RADIO**
Switches between TV and radio modes.
- 3. NUMERIC(0-9) BUTTONS**
Enters a TV/radio channel number or menu option number.
- 4. LIST**
Displays the channel list.
- 5. EXIT**
Exits all On-Screen Display (OSD) screens.
- 6. ARROW BUTTONS**
Navigates through the menu options.
- 7. COLOUR BUTTONS(R/G/Y/B)**
Select the colour keys for interactive applications.
- 8. P-/P+ or PAGE▲/PAGE▼**
Changes the channel or page.
- 9. MENU**
Displays the main menu.
- 10. i (INFORMATION)**
Displays the channel and programme information.
- 11. TEXT**
Enters digital text service.
- 12. WIDE**
Sets the display format.

PLEASE NOTE THERE IS NO
TERRESTRIAL TV IN LLANFOR

6. TV Guide

The **TV Guide** displays the programme information of each channel, in time and date order. You can customize your own programme guide to list the channels or programmes of interest to you and schedule your viewing using the programme information.

Note: Press the **GUIDE** or **EXIT** button to exit the TV guide screen.

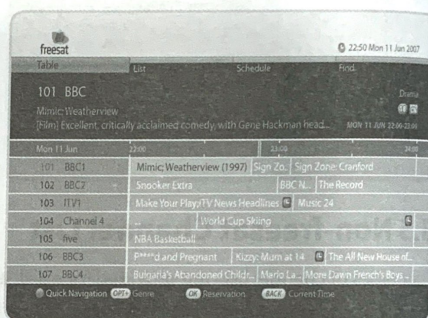

6.1 Table Guide

You can view the programme information of all channels in time and date order.

1. Press the **GUIDE** button.
2. Select the channel genre using the **◀/▶** button and select the sub channel genre using the **▲/▼** button.
3. Move to the previous/next programme within the same channel using the **◀/▶** button.
4. Move to another channel using the **▲/▼** button. If the contents are more than one page, use the **P-/P+** button to skip to the next page. Enter the number of the channel you wish to move using the **NUMERIC(0-9)** buttons.
5. Select the programme you want and press the **OK** button to view the programme.
6. Press the **RED** button to enter to the quick navigation mode. Jump back/ahead two hours using the **◀/▶** button. Move to the previous/next day using the **▲/▼** button.
7. Press the **OPT+** button to change the channel genre. Select the channel genre using the **◀/▶** button and select the sub channel genre using the **▲/▼** button.
8. You can reserve it if it is a future programme. Select a future programme and press the **OK** button. Select **Yes** and press the **OK** button. Select a reserved programme and press the **OK** button to cancel the reservation.
9. Press the **BACK** button to return to the current time.

Note:

- Press the **i** button to view the programme information.
- Press the **TV/RADIO** button to switch to TV or radio.
- In the non-freesat mode, you cannot select the channel genre. Select the group using the **OPT+** button.
- You cannot reserve the programme in the non-freesat mode.

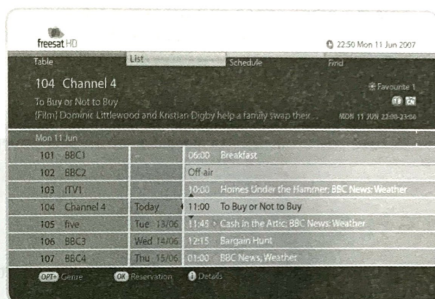

SWITCH ON TV USING REMOTE AND
THEN USE THE HUMAX REMOTE TO
CONTROL THE TV

6. TV Guide

6.2 List Guide

1. Press the **GUIDE** button.
2. Select the channel genre using the **◀/▶** button and select the sub channel genre using the **▲/▼** button.
3. Press the **GREEN** button.
4. You can view the programme information for approximately a week. The features are similar as in grid guide.

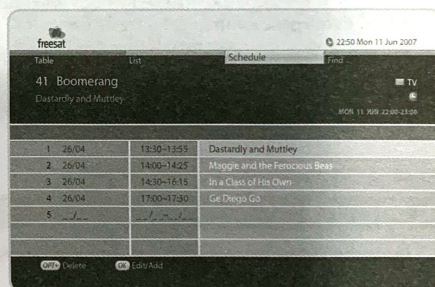

6.3 Schedule

Schedule displays the list of the programmes reserved. You can modify, delete or make new reservations.

1. Press the **GUIDE** button.
2. Press the **YELLOW** button to display the schedule of reservations.
3. Select a reservation and press the **OPT+** button to delete the reservation.

Note:

- Press the **BACK** button to sort the list in time or alphabetical order.
- You cannot reserve the programme in the non-freesat mode.

1. Editing Reservations

1. Select a reservation you want to edit and press the **OK** button. The reservation popup will appear.
2. Select **Channel** and press the **OK** button to display the channel list. Select the channel.
3. Select **Date** and press the **OK** button to view the calendar. Select the date.
4. Select **Start Time** or **End Time** and enter the time using the **NUMERIC(0-9)** buttons.
5. Select **Repeat** and change the repeat frequency using the **◀/▶** button.
6. Select **OK** and press the **OK** button.

6. TV Guide

2. New Reservation

1. Select a blank space and press the **OK** button.
2. The reservation popup will appear. Enter the channel number, date, start/end time and repeat frequency and then press the **OK** button.

Note:

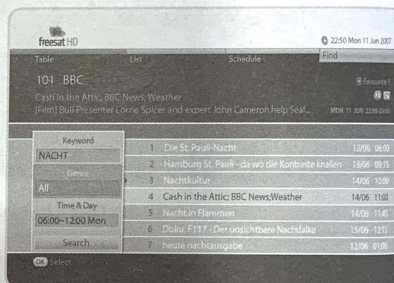

- Reservations for deleted channels or past programmes are automatically deleted.
- In case the channel number has changed, reservation has to be done again.

6.4 Find

Find enables you to find the programme you want by entering the keyword, genre, time and day of the programme.

1. Press the **GUIDE** button.
2. Press the **BLUE** button to find programme.
3. Enter the keyword, genre, time & day of the programme and select **Search** and then press the **OK** button.
4. The search result of the entered values will appear.
5. To reserve a programme, select a future programme and press the **OK** button.

Note: Press the **OPT+** button to display seven of the most recent values that have been entered.

1. Search by Keyword

1. Press the **OK** button while the cursor is on **Keyword**.
2. A keyboard will appear. Enter the keyword.
3. Select **Language** and choose the language of the keyword.
4. Select **SMS** to switch to SMS keyboard.
5. Press the **YELLOW** button to complete.

2. Search by Genre

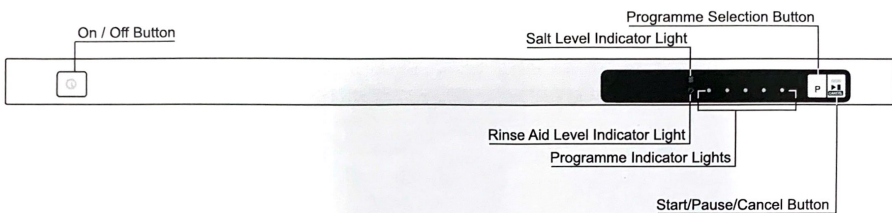

1. Press the **OK** button while the cursor is on **Genre**.
2. The list of genres will appear. Select genres and press the **OK** button. You can select up to two genres.

3. Search by Time and Day

1. Press the **OK** button while the cursor is on **Time & Day**.
2. The time & day popup will appear. Select the time and day using the **OK** or **◀/▶** button.
3. Select **OK** and press the **OK** button.

Programme Chart and Quick Reference Guide

Please carefully read the Installation & Operation Instruction Booklet before operating the dishwasher.

Programmes and temperatures	Cycle Selection Information	Water Consumption (Litres)	Energy Consumption (kwh)	Running Time (min)
1  PRE-WASH No Heat	Pre-wash to rinse and loosen food residue awaiting full load - then select a programme	3.6	-	15
2  RAPID 35°C	Lightly soiled dishes 30 minute programme	10.2	0.77	30
* 3  eco 50°C	Most economic programme for normally soiled dishes	13	0.94	172
4  NORMAL 60°C	Normally soiled dishes, A-class cleaning in 58 minutes	10.6	1.17	58
5  INTENSIVE 70°C	Heavily soiled dishes requiring hot pre-wash	14.4	1.32	115

* Reference programme for the Testing Institute and energy labelling. Testing programme: Eco 50°C as compliant to EN 50242 international norms.

• Values declared on the product or in the operating instruction booklet / programme chart and quick reference card supplied with the product are obtained in tests performed under controlled laboratory conditions and these tests are as defined in relevant standards. These figures may vary depending on how soiled the dishes are, the water hardness level and other factors. Temperature changes exceeding 15°C may also effect these figures.

• Due to continual improvement through research & design, specifications and design may change without prior notice.
